Dr. Fuller is a woman of who wears many hats including 45 years as a Serial Entrepreneur, 50 years of philanthropic work, and a lifetime as Fuller Life Strategist! Dr. Fuller is a woman of great wisdom, and she graciously lives her life by this mantra: "Every wise woman builds her house, but a foolish woman tears it down with her own hands."

Her mission is to **Re-Establish, Re-Affirm, and Re-Align the family WITHOUT ANY FORMS of abuse due to Adverse Childhood Experiences resulting in T.R.A.U.M.A. The acronym for T.R.A.U.M.A. is Tragedy, Rejection, Anger, Unforgiveness, Mental Illness, and Abuse.** Dr. Fuller is the 501c3 Founder of The T.R.A.U.M.A Center, Incorporated. The T.R.A.U.M.A Center, Incorporated is a safe space where every individual from all-walks-of-life can enter when they feel the need to be loved, respected, and receive unconditional positive regard to release their trauma.

Dr. Fuller's purpose is to transform others, save lives, and make a global impact in the **Seven Mountains of Influence.** Dr. Fuller is a bonafide and qualified global leader whose influence has positively impacted everyone both domestically and abroad. Dr. Fuller's mandate is to empower, equip, and train leaders and facilitate a **Clarion Call** for the three pillars of society: Family, Church, and Government. The goal of these three entities is to work in synchronization to **RESET, REGROUP, and REFOCUS.** With everyone's help, Dr. Fuller believes that we are stronger together because **"Strong Families Equal Strong Communities and "Strong Communities Equal Strong Families."**

Arleen has a passion for educating and healing the world globally of their T.R.A.U.M.A. When the masses excommunicate themselves of their Adverse Childhood Experiences, they are better suited to live a fulfilled life and a "Fuller Life." Furthermore, when self-actualization is achieved, a person can both realize and reach their full potential.

Self-actualization is a Tropical State of Mind. A Tropical State-of-Mind (TSOM) is a state of being that supports year-round, life-changing growth due to the temperature birthed from a RESET mind.

Arleen's extensive education and professional development have helped her understand how people think and why they do the things they do. Her ability to understand the root-cause of an issue stems from obtaining a bachelor's degree in psychology, a Master's degree in Christian Ethics and Business Administration, and a Ph.D. in Christian Counseling, all from Higher Place Christian University. She is also a scholarship recipient at Light University for Master Mental Health Coach (Specializing in Trauma Response). Dr. Fuller specializes in overcoming trauma. Dr. Fuller has single-handedly turned the world upside down in her mandate to rescue the outcast, the misfit, the stranger, the orphan, and the widow. Indeed, she has both pursued and have taken care of the "least of them."

The first example is allowing total strangers to reside in her house. Another example is rescuing others from gang-activity. The third example is traveling to crack houses and plucking those from the fire. There is an African Proverb that communicates: "When a needle falls into a deep well, many people will look into the well, but few will be ready to go down after it." As a result of living by this mantra, Dr. Fuller is always ready to go out into the hedges and the highways and compel men and women to come towards greener pastures. Dr. Fuller has a special gift for healing and to transform lives of those bound by drugs, alcohol, generational trauma, and all destructive behaviors. She has dedicated her entire life to helping the less fortunate, and without looking for anything in return.

In addition to her educational achievements, Arleen has several certifications and training from Light University, including Mental & Behavior Health Disorders, Mental Health Coaching, Foundations of Mental Health Coaching, Master Life Coach (Love & Life Empowerment), and Board-Certified Master Mental Health Coach Certification. She also received training from Eric Thomas Extreme Execution Training and is an American Association of Christian Counselors Certification holder. She is currently enrolled in Cardone University, and taking a 10X class led by Grant Cardone so she can maximize the effect of what she does. On April 9, 2024, she became a 10X Business Coach Licensee under Cardone Ventures.

Arleen was born and reared in Savannah, GA, which is known as the "Hostess City of the South." She is committed to promoting global healing from trauma, healing people from anger, procrastination, anxiety, and anything else that is rooted in trauma. Her love for people and her desire to help those in need has earned her recognition as a selfless and tireless worker who uses effective strategies to solve problems. Arleen is also highly intuitive, which has helped her to achieve remarkable success in her humanitarian and philanthropic endeavors.

During the crack epidemic in the 80s, she also developed an organization, Women Against Crack (WAC), partnering with the Mayor and District Attorney Spencer Lawton, doing public speaking on the effects of cocaine on the heart. She had permission to go into the housing projects and has transformed many lives. She will launch her new entrepreneurial training center, The Visionary Hub on May 1, 2024.
